

MORANDÉ BRUT NATURE

CHOSEN CHILE'S BEST SPARKLING WINE

DESCORCHADOS 2014

Unsurpassable once again in its second historic vintage!

"Morandé Brut Nature, a hand crafted wine, a wine of tradition, respect for process times, of patient care and of great hopes for perfect achievement.

Today we party; we have achieved a wine that is an ode to joy, love, youth, the imagination and sensuality. A wine that we enjoy wholeheartedly, that escapes the senses, intoxicates the mind and satisfies the soul.

A few years ago, we sang for joy and partied. We unveiled our treasured secret, Brut Nature.

We shared it in generous friendship, glass by glass, bubble by bubble, with so many who felt attracted and trapped by its music, its dance, its feminine beauty.

They consecrated us with crowns and we were recognized as being superior.

Today, showing our second Brut Nature, we have been crowned once again by the Descorchados 2014 wine guide, just as the first one.

Now it is quality and consistency. A bigger commitment.

We receive this recognition with great joy, sharing it with our people, with fondness for our wine, that teaches us respect for the diversity of the vintages, with pride in the craftsmanship that becomes wise, before different harvests, with humility because we continue learning of the value of time and the hope of the perfect achievement. Morandé Brut Nature, bubbles and health, forever".

Morandé Brut Nature Chardonnay / Pinot Noir Casablanca Valley

- **Colour:** yellow with hints of mother-of-pearl, with fine, tiny bubbles that form necklaces of dancing, infinite beads as they are released.
- **Aroma:** of flowers and fresh fruit, their intensity revealed easily with the flow of bubbles. These are followed by spicy aromas of toasted fruit, honey bread, vanilla and horchata.
- **Flavour:** in the mouth it enters with the strength of its structure, showing its great body, which is somewhat syrupy with an outer casing of fresh acidity. This, added to the sharp bubbles, gives it an elegant balance of flavours. It is urbane, distinguished and persistent, leaving a lingering memory.
